

# Restoration Service

*Format: Radio Ad*

*Length: 30 seconds*

**SFX:** [Old camera shutter. Clock ticking softly in the background.]

**VO (calm, sincere):**

Some memories fade. But they don't have to disappear.

At *Timekeeper Studio*, we restore old photographs, family heirlooms, and the wooden furniture your grandfather built by hand.

We bring the past forward—one frame, one polish, one story at a time.

Because what matters isn't how old something is, it's what it still means.

**VO (tag):** Timekeeper Studio. Downtown Walkerton. Open weekdays and by appointment at [timekeeperstudio.ca](http://timekeeperstudio.ca).
